## LATEST NEWS.

Items by the S. S. Alameda from the Colonies.

Enormous destruction of property by floods has occurred in Australia. From Brisbane, Queensland, it is said that much of the sugar crop in Bundaberg district has been destroyed.

In New South Wales it is estimated that one million bushels of maize and 30 percent of the sugar crop have been destroyed in the Clarence district. The damage by the floods in the Maclean district is estimated at \$400,000. Many farmers have been ruined, and are asking for employment on relief works.

Brisbane, the capital of Queensland, was entirely submerged. The water covered the lower part of the city 60 feet. The loss is in the millions. Many people perished. Hundreds of houses floated down the river.

A Washington despatch says: "Residents of Hawaii report that the English and Germans have been planning for years to possess the islands, and that the Consulates have armed the natives and incited them to oppose the Americans."

The Right Hon. Robert William Duff, M. P. for Banffshire, has been appointed to succeed Lord Jersey as Governor of New South Wales.

Owing to the polltax imposed by the Russian Government, fifty thousand Jews have abandoned their homes and will leave the country.

A quarter of a million people are starving in Finland.

Emperor William, addressing a meeting of farmers, urged them to support the military as essential to peace.

A further battery of artillery has been ordered from England to Egypt.

The railway servants' eight-hours' bill has passed second reading in the House of Commons.

Terrific snow blizzards—exceeding in severity the great one of 1880—have been experienced in the Eastern and Middle States. Many persons were frozen to death.

Cholera is raging in the Russian provinces, near the Austrian frontier, and a thousand cases are under treatment. Four hundred deaths were recorded for the month ending February.

The election for the vacant seat of Stockport in the House of Commons resulted as follows: Whitley (Conservative), 5264; Hume (Home Ruler), 4799.

The result of the North Meath election was: Gibney (McCarthyite), 2635; Mahoney (Parliamentary), 2376.

Canada and the United States are responding freely to Mr. Justin McCarthy's appeal for monetary assistance to the Irish party.

A fire at Hastings (Hawke's Bay), New Zealand, caused damage of \$200,000.

One Day Earlier.

Messrs. Wm. G. Irwin & Co., Ltd., the General Agents of the Oceanic S. S. Co. and Union S. S. Co., have received an official communication from the managing Director of the latter Company that, "From April next the mails from London for the Colonies via San Francisco will be carried across the Atlantic either by the Etruria or the Campania."

As these are very fast vessels it is anticipated that the mails will reach San Francisco on Thursday in place of Friday as at present. The mail steamers will therefore be time-tabled to leave San Francisco on Thursdays, beginning with the Mariposa on April 27th, so that thereafter they will be due in Honolulu one day earlier than at present, viz., on Thursday instead of Friday.

Corrected time tables can be had upon application at the Company's office, Fort street.

COURT CHRONICLE.

A Dull Day at Chambers—The Big Suit Next Monday.

Judge Cooper presides at chambers this week.

Only one case was heard this forenoon. Geo. Koch, assignee of Akana, bankrupt, presented his accounts and applied for discharge. The accounts were approved and the assignee ordered discharged on filing receipts.

C. Spreckels vs. Geo. W. Macfarlane will come up for hearing before Judge Whiting next Monday.

Wilson's Case.

George Wilson was probably hit rather hard by the heading to the narrative of his grievance yesterday. He is scarcely in the same category as many of the other kickers.

Wilson laid down a Government bill to take up a gun, under promise that when he laid down the gun he could take up a billet again. He has shown a good deal of spunk in declining to take a billet, under the condition of saying "by your leave" to an official whom he had denounced as having laid down nothing and shouldered no gun to earn a place.

The heading of the report in question, however, was intended to describe the row in the camp in general.

Black Flag Team.

The following entry for the international tug-of-war tournament commenced on March 18th was made at the office of C. J. McCarthy to-day:

C. Creighton, D. H. Lewis, stroke; W. Lishman, A. P. Peterson, Wm. F. Love, J. G. Rothwell, substitute; Dr. Peterson, anchor. C. M. White, Captain.

I enter these fellows for the first time—Black Flag League Team.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop, of Portland, Maine, Indiana. That is right. They know it to be superior to any other for colds, and as a preventive and cure for croup, and why should they not insist upon having it. 50 cent bottles for sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

## S. S. ALAMEDA.

Delay Owing to Rough Weather—Death at Sea.

The S. S. Alameda, Captain Morse, arrived off port at 10 o'clock this morning, 17 days, 16 hours and 20 minutes from Sydney, and 12 days, 8 hours and 30 minutes from Auckland. Discharged Sydney pilot on Feb. 20th at 5:10 p.m. Arrived at Auckland on the 26th at 6 p.m., and left at 1:30 a.m. Arrived off Apia March 2d at 1:30 a.m., and left at 10:20 a.m. Died March 4th, of heart disease, Cornelius Crowley, steerage passenger. The body was embalmed.

The Alameda experienced head gales from Sydney to Auckland. Since leaving Apia had strong N. E. and east winds with head seas. She will leave again at 6 o'clock this evening.

An Athlete in Town.

Dan S. McLeod, champion middle-weight wrestler of the world, is a through passenger by the Alameda. His home is in San Francisco. He went to the Colonies this way last April. The first man he met was Jack Perryman of Melbourne, whom he beat in two straight falls. The next was Ned Pickup of Newcastle, who was defeated in the same way. Then he entered in a hammer throwing contest with Dugald Cameron of Melbourne, and McLeod won with the following scores: 22lb. hammer, 80ft. 6in.; 16lb. hammer, 90ft. 2in.; 12lb. hammer, 118ft. 7in.—all standing throws. Next came a wrestling bout at Newcastle with J. McDermott, who was thrown two straight falls. McLeod met all comers in New Zealand, beating everybody both at hammer throwing and wrestling. At Highland games in Dunedin, N. Z., he threw the 16lb. hammer 103ft. 7in. If the Alameda stayed longer, Mr. McLeod might try his muscles on some Japanese athletes.

The strongest recommendation that any article can have is the endorsement of the mothers of the town. When the mothers recommend it you may know that that article has more than ordinary merit. Here is what the Centerville, South Dakota, Citizen says editorially of an article sold in their town: "From personal experience we can say that Chamberlain's Cough Remedy has broken up bad colds for our children. We are acquainted with many mothers in Centerville who would not be without it in the house for a good many times its cost, and are recommending it every day." 50 cent bottles for sale by all dealers. "German Syrup"

For Throat and Lungs

Hemorrhage

Five Years.

"I have been ill for about five years, have had the best medical advice, and I took the first dose in some doubt. This resulted in a few hours sleep. There was no further hemorrhage till next day, when I had a slight attack which stopped almost immediately. By the third day all trace of blood had disappeared and I had recovered much strength. The fourth day I sat up in bed and ate my dinner, the first solid food for two months. Since that time I have gradually gotten better and am now able to move about the house. My death was daily expected and my recovery has been a great surprise to my friends and the doctor. There can be no doubt about the effect of German Syrup, as I had an attack just previous to its use. The only relief was after the first dose." J. R. LOUGHEAD, Adelaide, Australia.

SCRIVEN'S

Patent Elastic Seam Drawers!

We want to call the attention of our patrons to a novelty which, from the favor it has been received with, we believe has come to stay and become an indispensable article of gent's furnishing. A glance at the cut above will show at once the superiority of goods made in this manner over those heretofore in vogue.

SCRIVEN'S PATENT ELASTIC SEAM DRAWERS ARE PROVIDED with an improvement consisting of an ELASTIC INSERTION at the inner and outer seams, which gives elasticity in movement and comfort in fit. The drawers are cut in figure outlines and afford the wearer all the advantages of knit goods, while retaining the superior comfort of woven fabric. The PATENT ELASTIC SEAM, which CONTAINS NO RUBBER, retains its springiness and wears longer than the other portion of the garment. It makes the drawers conform to the position of the wearer and avoids any strain, no matter what attitude the body assumes.

It will also be found that these PATENT ELASTIC SEAM DRAWERS are equally well adapted to all athletic positions and allow the greatest freedom and ease of motion. In the position assumed in the cut, not the least tension is produced on the main
